ENGLISH PORTER

AMERICAN NUT BROWN

IRISH STOUT

TEXAS HONEY BROWN

*This product is not warranted for siding applications. FineLine and Traditional are manufactured from a knotty SPF. If a blemish free appearance is desired, we recommend putty to fill any natural imperfections and a solid top coat to finish the look.

Shiplap Tongue & Groove

Clear, blemish-free pine | Square-edge, T&G profile | Factory primed in white | Interior only

Shiplap Love.

Shiplap is a refined classic. Create a beautiful, healthy wood interior with the warmth of real, sustainable wood. The classic shiplap appearance has been reimagined with superior product features. This product arrives factory primed, ready for onsite top coating in the color of your choice. Your home, your way.

- Clear pine for a blemish free appearance
- Engineered/fingerjointed for increased stability
- Tongue and groove allows for easy install
- Factory primed and ready for onsite coating

*This product is created from a natural wood substrate, and therefore must be acclimatized inside for 5-7 days prior to installation. This product is for interior installation only, no exterior applications are recommended. A finish coat must also be applied to product onsite.

Natural wood

Our natural wood paneling products are made from high quality, appearance grade wood, and bring warmth and environmental sustainability to your project.

Simple installation

Our paneling products are engineered for simple installation. End-matched boards prevent waste and make installation easy. Full Instructions are available online.

Touch-up kits available

You can conveniently order a customized touch-up solution from our website. Exact color matching ensures consistency and provides a simple fix for dings and nicks.
