PREMIUM KNOTTY GREEN DECKING

WHEN ONLY THE BEST WILL DO

WFP PREMIUM KNOTTY GREEN Western Red Cedar decking is made from one of the most sustainable and renewable building products in the world. WFP sources the highest quality Western Red Cedar fiber and is known for consistent quality for our customers and sustainability practices for our environment. The natural beauty and color give a rich prestigious look to any outdoor living area for family and friends to enjoy. The WFP Premium line of decking is an eco-friendly solution compared to composite or other non-renewable products on the market today. Choose Premium decking as the best choice for your family and for our planet.

WFP PREMIUM KNOTTY GREEN products offer the ultimate quality in coastal small log Western Red Cedar fiber. WFP vast timberlands offer consistent fiber allowing customers confidence in selling “Premium Knotty” products
