

INTRODUCING THE,

# IWP DECK-HAND™

YOUR NEW FAVORITE DECK TOOL!

## Why do you need DECK-HAND?

1. It spaces deck boards evenly with either a  $\frac{3}{16}$ " or  $\frac{1}{4}$ " gap
2. It positions screw holes perfectly at 1" or 1½" from the end of boards to meet manufacturers specifications
3. It provides guides for 22.5° and 45° angles to prepare miter cuts
4. It's easy to use on all types & thicknesses of decking!
